### Traversing Wall

We have spent a part of our Sport Grant on a new Traversing Wall for the playground. Although we will be monitoring its use, it is designed to be used unsupervised. The grips have been designed to be used in wet and dry conditions. Pupils will be shown how to use the wall in the next few days.

Please do not allow siblings (or grandparents!) to use the wall at pick up and drop off times. Thank you.

We are currently waiting on delivery of plans for a new piece of playground climbing equipment which is being funded by the proceeds of our Summer Fete. These will be presented to the School Council for their comments before construction.

Stars of the Week – (w/e 19/1/18)

### **Community room and hall hire**

We are pleased that the community room and hall are being regularly hired out for children's parties and other events. If you would like to hire these areas please speak to Mrs Coxon in the office.

### **Supervision of pre-school siblings**

Each day at pickup there are lots of small children on the muddy field and mounds. They are often in the garden area; around the raised planters, shed and polytunnel. A lot of parents are down at the other end of the playground so probably don't realise what they are doing, but we don't want any of them hurting themselves. Please can you make sure that younger children are with you at all times.
