A child-centred school

23rd April 2018

Dear Parents/Carers

As part of our Science topic of seasonal changes, KS1 children will be taking part in a "Signs of spring/summer walk". We have been waiting since late February to do this, but, as you can imagine the weather was so bad there were few signs of spring to see! Now it looks like summer is just around the corner...hence the spring/summer link.

This will be at 9.30am on Wednesday 2nd May and will be for all KS1 and EYFS children. We will be walking up to and around the Arboretum, taking photos, making drawings, collecting leaves, looking at anything of interest and walking back.

In order to ensure safety we will need a maximum of 7 adult volunteers – we have timed it so that if you have younger children they can be dropped at playgroup first and we aim to be back at school for half 11 at the latest. Please let your child's teacher know if you can volunteer.

If your child has any new medical issues or if your contact details have changed please can you let the office know in advance so we can make the necessary changes to our contacts and first aid cover. Also if your child has medication (e.g. asthma inhalers) please can you ensure these are still in date.

Your child will need a waterproof coat, wellies or similar if it's raining and a drink in a bottle. If, by any chance, it is sunny they will need to have a hat and sunscreen on.

Kind Regards

Team Hedgehog & Dormouse.
